

Arecibo Observatory

As of 4-28-16

Thursday, May 19

Bahia 2 (2:00 - 4:00)

- | | |
|---------|--|
| 2:00 pm | Introduction to the Track. Dr. Edgard G. Rivera-Valentin (Arecibo Observatory, Universities Space Research Association) |
| 2:05 pm | Brief History of the Arecibo Observatory. Dr. Christ Salter (Arecibo Observatory, Universities Space Research Association) |
| 2:20 pm | 305m Radio Telescope System at the Arecibo Observatory. Luis Quintero (Arecibo Observatory, Universities Space Research Association) |
| 2:35 pm | Recent and Future Radio Astronomy at the Arecibo Observatory. Dr. Robert Minchin (Arecibo Observatory, Universities Space Research Association) |
| 2:50 pm | Radio Astronomy at the Highest Sensitivity with the Finest Details: Arecibo in VLBI. Dr. Tapasi Ghosh (Arecibo Observatory, Universities Space Research Association) |
| 3:05 pm | The Space and Atmospheric Sciences Program at the Arecibo Observatory. Dr. Cristiano Braum (Arecibo Observatory, SRI International) |
| 3:20 pm | Solar System Observations with the Arecibo Planetary Radar System. Dr. Patrick Taylor (Arecibo Observatory, Universities Space Research Association) |
| 3:35 pm | Investigating the Surfaces of Space-flight Accessible Asteroids. Dr. Anne Virkki (Arecibo Observatory, Universities Space Research Association) |
| 3:50 pm | The Arecibo Observatory Angle Ramos Foundation Science and Visitor Center. Andrew Ortiz (Arecibo Observatory, Universidad Metropolitana) |
